Ariens Service

A Message to Ariens Parts Manual User

Your Ariens Dealer will be happy to supply any service or advice which may be required to keep your Ariens equipment operating at peak efficiency. He stocks genuine Ariens parts and lubricants; manufactured with the same precision and skill as the original equipment. His factory trained staff is kept well informed on the best methods of servicing Ariens equipment and is ready and able to serve you. If

engine repairs or services are required, they can be obtained from an Ariens Dealer or from an authorized engine manufacturer's service center. If service is required, be prepared to supply the service person with the Model Number and Serial Number of the equipment and engine, as well as a full description of the problem encountered.

Introduction

The information contained here in is intended for use by Ariens Dealers' trained servicemen and serves as a supplement to and reminder of training sessions conducted by Ariens Company. Before you attempt any repair, adjustment or maintenance project, be certain that you have read and fully understand the instructions in your Owner's and Repair Manuals. Understand and follow each Danger, Warning, Caution and all instructions exactly as given. Also be sure that you have all tools, replacement parts and other materials required to complete the project.

A network of Ariens Dealers and Distributors is maintained in order to assure you of an adequate supply of replacement parts and technical assistance. Your local Ariens Dealer is required to order parts thru his distributor. When replacement parts are required, use only genuine Ariens parts. Failure to do so may result

in product malfunction and possible injury to operator and/or bystander. **NOTE:** All references to "Left", "Right", "Front" and "Rear" are given from operators position.

NOTE: The descriptions and specifications contained in this manual were in effect at the time the manual was approved for printing. Ariens Company reserves the right to discontinue models without notice and without incurring obligation. The equipment described within this manual may not be identified as either standard or optional and the various illustrations may not all be applicable to your particular unit. If you have questions, always check with your Ariens Dealer.

NOTE TO ARIENS DEALERS: Refer to your current Parts Price List for suggested parts stocking. Service training for dealers is available at the Ariens Service School. See your Ariens Distributor for the latest school schedule.

How To Order Replacement Parts

This Parts Manual is arranged for easy identification of genuine Ariens Service parts that are illustrated showing their relationship to one another. Item numbers in the illustrations correspond to Item numbers in the first column of the parts list and are followed by the Ariens Part Number, Description and Quantity with variations between models and/or serial numbers designated in the part description. S/N 000000 means this serial number and up, with S/N <000000 meaning up to this serial number.

Order parts from your nearest authorized Ariens Dealer. For prompt service when ordering parts, provide the following information.

1. **MODEL AND SERIAL NUMBERS OF EQUIPMENT.**
2. **PART NUMBER (not Item Number)**
3. **DESCRIPTION**
4. **QUANTITY REQUIRED**
